“Note: Only the regions indicated in the submission will be interpreted. If further evaluation or peripheral structures included in the dicom images are to be interpreted as well after receiving your report, please communicate this to [info@sonopath.com](mailto:info@sonopath.com) and adjunctive charges will also apply based on the charge by region system indicated. Please submit the 3 best representative views of the region indicated in your submission.”

Rads submitted in combination with an orthopedic ultrasound will be discounted by \$20
